We hereby propose to furnish the materials and perform the labor necessary for the completion of the littoral type planting of the two specified areas in front of the Amenities Center. The scope of work and cost is as follows. Floridian Environmental will purchase, pickup, deliver and plant a total of 1,220 bare root canna, iris, pickerelweed and bulrush. Plants will be divided evenly per planting areas. Plantings will be along the perimeters with a row of each species at 3ft. centers. Planting areas will be weedwacked before planting where needed. Due to the recent drought and hard freeze we had. Plant material may be small. Also since these are aquatic/semi aquatic plants. I would suggest waiting to get rain and moisture in the planting areas. Or flood them if possible to give the plants the best chance to get established. Plants do come with a 30 day warranty and will be replaced. Unless due to circumstances out of our control. The above detailed scope of work can be done for a set fee of \$1,900. If you agree with the proposal please sign and return for scheduling purposes. Thank you for the opportunity.

**SECTION 3. SUPPLEMENTAL APPROPRIATIONS**

The Board may authorize by resolution, supplemental appropriations or revenue changes for any lawful purpose from funds on hand or estimated to be received within the fiscal year as follows:

- a. Board may authorize a transfer of the unexpended balance or portion thereof of any appropriation item.
- b. Board may authorize an appropriation from the unappropriated balance of any fund.
- c. Board may increase any revenue or income budget amount to reflect receipt of any additional unbudgeted monies and make the corresponding change to appropriations or the unappropriated balance.

The District Manager and Treasurer shall have the power within a given fund to authorize the transfer of any unexpected balance of any appropriation item or any portion thereof, provided such transfers do not exceed Ten Thousand (\$10,000) Dollars or have the effect of causing more than 10% of the total appropriation of a given program or project to be transferred previously approved transfers included. Such transfer shall not have the effect of causing a more than \$10,000 or 10% increase, previously approved transfers included, to the original budget appropriation for the receiving program. Transfers within a program or project may be approved by the Board of Supervisors. The District Manager or Treasurer must establish administrative procedures which require information on the request forms proving that such transfer requests comply with this section.

Attn: **Mr. Pete Williams, Chairman**

Reference: **North River Ranch Phase IV-C2 Project**

Dear Mr. Williams:

On March 9, 2026, we received and opened two bids from pre-qualified firms for the North River Ranch Phase IV-C2 project. We received bids from Frederick Derr & Company and RIPA & Associates. Attached you will find the Summary of the Bid opening and a tabulation of the bids received.

Frederick Derr & Company submitted the lowest Base Bid for \$5,582,622.90. We have reviewed the bid packages provided and determined that they are both complete packages and that both contractors are acceptable to perform the work on this project based on the information received. We do however want to further evaluate the contractor's excavation estimates done by both contractors due to the fact that they are significantly different.

If you have any questions or comments, please contact our office.

Sincerely,

Consideration of Clearview Land Design  
Certification Regarding Improvements to  
Phases IV-A & IV-B

**CLEARVIEW LAND DESIGN, P.L., CERTIFICATION TO  
NORTH RIVER RANCH IMPROVEMENT STEWARDSHIP DISTRICT  
REGARDING IMPROVEMENTS**

STATE OF FLORIDA  
COUNTY OF \_\_\_\_\_

BEFORE ME, the undersigned, personally appeared Christopher Fisher, P.E., of Clearview Land Design, P.L., who after being first duly sworn, deposes and says:

I, Christopher Fisher, am a Professional Engineer registered in the State of Florida. I have reviewed certain documentation, including, but not limited to, permitted plans and specifications, as-builts and applicable permits. I, or my authorized agent, have conducted on-site observations of the Improvements and associated work product (the “Improvements”), as described in **Exhibit A**.

I hereby certify to the North River Ranch Improvement Stewardship District (the “District”) the below listed matters:

1. The Improvements for the North River Ranch Phases IV-A & IV-B (2020 Series Bonds) have been completed and accepted by Manatee County on December 19, 2023. These improvements were completed in substantial compliance with the applicable permit requirements and in substantial accordance with the permitted plans and specifications.

2. The Improvements are free from obstruction and are functional for their intended purpose.

3. In my opinion, the construction of certain improvements described in the *Supplement Report for Phases IV-A and IV-B* dated October 2020 (the “Engineer’s Report”), as may be amended, for the North River Ranch Improvement Stewardship District, (2) specifically benefits property within the boundaries of the District as described in the Engineer’s Report, and (3) is fair and reasonable. Further, in my opinion, the costs do not exceed the value of the Improvements as installed and reflects the fair market value of the Improvements – given competitive bids were obtained.

FURTHER AFFIANT SAYETH NOT.
