Insurance coverage shall be from a reputable insurance carrier, licensed to conduct business in the State of Florida.

C. If the Contractor fails to have secured and maintained the required insurance, the District has the right but not the obligation to secure such required insurance in which event the Contractor shall pay the cost for that required insurance and shall furnish, upon demand, all information that may be required in connection with the District's obtaining the required insurance.

For avoidance of doubt, indemnification obligation of the Contractor herein requires the Contractor to indemnify the District for any and all percentage of fault attributable to Contractor in any claims arising hereunder (whether such claim is against the District, the Contractor or the District and Contractor as jointly liable parties) regardless of whether the District is adjudged to be more or less than 50% at fault. Contractor further agrees that nothing herein shall constitute or be construed as a waiver of the District's limitations on liability contained in Section 768.28, *Florida Statutes*, or other statute.

B. Obligations under this section shall include the payment of all settlements, judgments, damages, liquidated damages, penalties, fines, forfeitures, back pay awards, court costs, arbitration and/or mediation costs, litigation and/or other expenses including but not limited to attorneys' fees, paralegal fees (incurred in court, out of court, on appeal, or in bankruptcy proceedings), and any interest all as actually incurred by the District.

SECTION 8. LIMITATIONS ON GOVERNMENTAL LIABILITY. Nothing in this Agreement shall be deemed as a waiver of the District's sovereign immunity or the District's limits of liability as set forth in Section 768.28, *Florida Statutes*, or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under such limitations of liability or by operation of law.

SECTION 9. COMPLIANCE WITH GOVERNMENTAL REGULATION. The Contractor shall keep, observe, and perform all requirements of applicable local, State, and Federal laws, rules, regulations, or ordinances. If the Contractor fails to notify the District in writing within five (5) days of the receipt of any notice, order, required to comply notice, or a report of a violation or an alleged violation, made by any local, State, or Federal governmental body or agency or subdivision thereof with respect to the services being rendered under this Agreement or any action of the Contractor or any of its agents, servants, employees, or materialmen, or with respect to terms, wages, hours, conditions of employment, safety appliances, or any other requirements applicable to provision of services, or fails to comply with any requirement of such agency within five (5) days after receipt of any such notice, order, request to comply notice, or report of a violation or an alleged violation, the District may terminate this Agreement, such termination to be effective upon the giving of notice of termination.

SECTION 10. LIENS AND CLAIMS. The Contractor shall promptly and properly pay for all labor employed, materials purchased, and equipment hired by it to perform under this Agreement. The Contractor shall keep the District's property free from any materialmen's or mechanic's liens and claims or notices in respect to such liens and claims, which arise by reason of the Contractor's performance under this Agreement, and the Contractor shall immediately

discharge any such claim or lien. In the event that the Contractor does not pay or satisfy such claim or lien within three (3) business days after the filing of notice thereof, the District, in addition to any and all other remedies available under this Agreement, may terminate this Agreement to be effective immediately upon the giving of notice of termination.

SECTION 11. DEFAULT AND PROTECTION AGAINST THIRD PARTY INTERFERENCE. A default by either party under this Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, the right of damages, injunctive relief, and/or specific performance. The District shall be solely responsible for enforcing its rights under this Agreement against any interfering third party. Nothing contained in this Agreement shall limit or impair the District's right to protect its rights from interference by a third party to this Agreement.

SECTION 12. CUSTOM AND USAGE. It is hereby agreed, any law, custom, or usage to the contrary notwithstanding, that the District shall have the right at all times to enforce the conditions and agreements contained in this Agreement in strict accordance with the terms of this Agreement, notwithstanding any conduct or custom on the part of the District in refraining from so doing; and further, that the failure of the District at any time or times to strictly enforce its rights under this Agreement shall not be construed as having created a custom in any way or manner contrary to the specific conditions and agreements of this Agreement, or as having in any way modified or waived the same.

SECTION 13. SUCCESSORS. This Agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors, and assigns of the Parties to this Agreement, except as expressly limited in this Agreement.

SECTION 14. TERMINATION. The District agrees that the Contractor may terminate this Agreement with cause by providing sixty (60) days' written notice of termination to the District stating a failure of the District to perform according to the terms of this Agreement; provided, however, that the District shall be provided a reasonable opportunity to cure any failure under this Agreement. The Contractor agrees that the District may terminate this Agreement immediately for cause by providing written notice of termination to the Contractor. The District shall provide thirty (30) days' written notice of termination without cause. Upon any termination of this Agreement, the Contractor shall be entitled to payment for all work and/or services rendered up until the effective termination of this Agreement, subject to whatever claims or off-sets the District may have against the Contractor.

SECTION 15. PERMITS AND LICENSES. All permits and licenses required by any governmental agency directly for the District shall be obtained and paid for by the District. All other permits or licenses necessary for the Contractor to perform under this Agreement shall be obtained and paid for by the Contractor.

SECTION 16. ASSIGNMENT. Neither the District nor the Contractor may assign this Agreement without the prior written approval of the other. Any purported assignment without such approval shall be void.

SECTION 17. INDEPENDENT CONTRACTOR STATUS. In all matters relating to this Agreement, the Contractor shall be acting as an independent contractor. Neither the Contractor nor employees of the Contractor, if there are any, are employees of the District under the meaning or application of any Federal or State Unemployment or Insurance Laws or Old Age Laws or otherwise. The Contractor agrees to assume all liabilities or obligations imposed by any one or more of such laws with respect to employees of the Contractor, if there are any, in the performance of this Agreement. The Contractor shall not have any authority to assume or create any obligation, express or implied, on behalf of the District and the Contractor shall have no authority to represent the District as an agent, employee, or in any other capacity, unless otherwise set forth in this Agreement.

SECTION 18. HEADINGS FOR CONVENIENCE ONLY. The descriptive headings in this Agreement are for convenience only and shall neither control nor affect the meaning or construction of any of the provisions of this Agreement.

SECTION 19. ENFORCEMENT OF AGREEMENT. A default by either Party under this Agreement shall entitle the other Party to all remedies available at law or in equity. In the event that either the District or the Contractor is required to enforce this Agreement by court proceedings or otherwise, then the prevailing Party shall be entitled to recover all fees and costs incurred, including reasonable attorneys' fees and costs for trial, alternative dispute resolution, or appellate proceedings.

SECTION 20. AGREEMENT. This instrument shall constitute the final and complete expression of this Agreement between the Parties relating to the subject matter of this Agreement. None of the provisions of **Exhibit A** shall apply to this Agreement and **Exhibit A** shall not be incorporated herein, except that **Exhibit A** is applicable to the extent that it states the scope of services for the labor and materials to be provided under this Agreement.

- November through March. Lake banks and retention areas will be mowed to the water's edge. Retention areas too wet for mowing will be mowed once ground is firm enough for normal safe operation.
2. **Turf Trimming:** Turf areas inaccessible to mowers, areas adjacent to buildings, trees, fences, etc. will be controlled by weed eaters. When weed eating, a continuous cutting height will be maintained to prevent scalping.
 3. **Edging:** All turf edges of walks, curbs, and driveways shall be performed every mowing. A soft edge of all bed areas will be performed every other mowing; power edging will be used for this purpose. Weed eater may be used only in areas not accessible to power edger.
 4. **Pruning:** Tree Management Program – All Hardwood trees to be pruned for safety clearance of eye level branches up to 8' eight feet monthly (12 times per year). All palms to be pruned up to 12' twelve feet for low hanging fronds or seedpods monthly (12 times per year). Palms and Hardwoods to be pruned with a pole saw from a flat-footed, on the ground. Trees located within a right-of-way ("R/W") shall be maintained as detailed on each "R/W" planting plan. Trees located within the "R/W" shall be maintained as such that fronds do not fall onto the roadway and / or bike path. Pruning of Sabal Palms is not included within this maintenance contract. Tree pruning within the maintenance specification does not provide for ladder work or structural pruning of any kind. Tree pruning services may be provided for an additional charge.
 5. **Pest Control and Fertilization:** Fertilization of St Augustine and Bermuda Turf shall be performed six (6) times per year. Shrubs and ground covers will be inspected four (4) times per year and fertilized at rates designed to address site-specific nutritional needs. Trees will be fertilized two (2) times per year at rates designed to address site-specific nutritional needs. All landscape beds shall be monitored and treated with appropriate pesticides as needed throughout the year. We employ an IPM (Integrated Pest Management) program, which calls for chemicals to be used only as needed. Any infestations will be treated on an as needed basis. Plants will be monitored, and issues addressed as necessary to effectively control insect infestations and disease as environmental, horticultural, and weather conditions permit.
 6. **Irrigation:** Irrigation System Inspection: Throughout the contract, all irrigation zones throughout the turf areas and planting beds shall be inspected once a month to ensure proper operation. Repairs will be made on a time and materials basis. Contractor is not responsible for turf or plant loss due to water restrictions.
 7. **Weeding:** Weeds will be removed from all plants, tree, and flower beds once a month during the non-growing season and twice a month during the growing season (18x per year) or as necessary to keep beds weed free. Manual (hand pulling) and chemical (herbicides) will be used as control methods.
 8. **Clean-Up:** All non-turf areas will be cleaned with a backpack or street blower. All trash shall be picked up throughout the common areas before each mowing. Trash shall be disposed of offsite.
