AGREEMENT FOR UNDERWRITING SERVICES
NORTH RIVER RANCH IMPROVEMENT STEWARDSHIP DISTRICT

November 18, 2026

Board of Supervisors
North River Ranch Improvement Stewardship District

Dear Supervisors:

Raymond James & Associates, Inc. (the "RJA" or the "Underwriter") is pleased to submit this agreement (the "Agreement") to the North River Ranch Improvement Stewardship District (the "District") to serve as underwriter or placement agent to the District. This Agreement relates to the proposed issuance of bonds (the "Bonds") to acquire and/or construct certain public infrastructure improvements for the upcoming Series 2027 phase of the District's capital improvement plan. This Agreement will cover the engagement for this initial issuance of Bonds and will be supplemented for future bond issuances as may be applicable.

1. **Scope of Services:** The Underwriter intends to serve as the underwriter, and not as a financial advisor or municipal advisor, in connection with the issuance of the Bonds. The scope of services to be provided in a non-fiduciary capacity by the Underwriter for this transaction will include those listed below, as applicable.

    - Advice regarding the structure, timing, terms, and other similar matters concerning the particular municipal securities described above.
    - Preparation of rating strategies and presentations related to the issue being underwritten.
    - Preparations for and assistance with investor "road shows," if any, and investor discussions related to the issue being underwritten.
    - Advice regarding retail order periods and institutional marketing if the District decides to engage in a negotiated sale.
    - Assistance to the District in its preparation of the Preliminary Official Statement, if any, and the Final Official Statement.
    - Assistance with the closing of the issue, including negotiation and discussion with respect to all documents, certificates, and opinions needed for the closing.
    - Coordination with respect to obtaining CUSIP numbers and the registration with the Depository Trust Company.
    - Preparation of post-sale reports for the issue, if any.
    - Structuring of refunding escrow cash flow requirements, but not the recommendation of and brokerage of particular municipal escrow investments.

Raymond James & Associates, Inc., member New York Stock Exchange/SIPC. All products and services are provided solely through Raymond James.

2. **Fees:** The Underwriter will be responsible for its own out-of-pocket expenses other than the fees and disbursements of underwriter's or disclosure counsel, whose fees shall be paid from the proceeds of the Bonds. Any fees payable to the Underwriter will be contingent upon the successful sale and delivery or placement of the Bonds. The underwriting fee for the sale or placement of the Bonds will be the greater of $50,000 or 2% of the par amount of Bonds issued.

3. **Termination:** Both the District and the Underwriter will have the right to terminate this Agreement without cause upon 90 days written notice to the non-terminating party.

4. **Purchase Contract:** At or before such time as the District gives its final authorization for the Bonds, the Underwriter and its counsel will deliver to the District a purchase or placement contract (the "Purchase Contract") detailing the terms of the Bonds.

5. **Notice of Meetings:** The District shall provide timely notice to the Underwriter for all regular and special meetings of the District. The District will provide, in writing, to the Underwriter, at least one week prior to any meeting, except in the case of an emergency meeting for which the notice time shall be the same as that required by law for the meeting itself, of matters and items for which it desires the Underwriter's input.

6. **Disclosures Concerning the Underwriter's Role Required by MSRB Rule G-17.** The Municipal Securities Rulemaking Board's Rule G-17 requires underwriters to make certain disclosures to issuers in connection with the issuance of municipal securities. Those disclosures are attached hereto as "Exhibit A." By execution of this Agreement, you are acknowledging receipt of the same. If you or any other District officials have any questions or concerns about these disclosures, please make those questions or concerns known immediately to the undersigned. In addition, you should consult with the District's own financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent you deem appropriate. It is our understanding that you have the authority to bind the District by contract with us, and that you are not a party to any conflict of interest relating to the subject transaction. If our understanding is incorrect, please notify the undersigned immediately.

7. **Accuracy of Information.** The District understands that the consummation of the transaction will be based upon, among other things, the truth, accuracy and completeness of the information included in the official statement or other offering document or otherwise provided to RJA.

8. **Obligations Contingent; Not Municipal Advisor.** Nothing in this Agreement is an expressed or an implied commitment by RJA to provide financing or to place, purchase or underwrite the Bonds. Any such commitment shall only be set forth in a bond purchase contract or other appropriate form of agreement for the underwriting or placement of the Bonds. Further, our participation in any transaction (contemplated herein or otherwise) remains subject to, among other things, the execution of a bond purchase contract (or other appropriate form of agreement), further internal review and approvals, satisfactory completion of our due diligence investigation and then-prevailing market conditions.

The District acknowledges and agrees that RJA is being retained to act solely as underwriter or placement agent for the Bonds, and not as advisor or in any other capacity as agent. RJA shall act

as an independent contractor under this Agreement, and not in any other capacity, including as a fiduciary. The District acknowledges and agrees that: (i) the transaction contemplated by this Agreement is an arm's length, commercial transaction between District and RJA in which RJA is acting solely as a principal and is not acting as a municipal advisor, financial advisor or fiduciary to the District; (ii) RJA has not assumed any advisory or fiduciary responsibility to the District with respect to the transaction contemplated hereby and the discussions, undertakings and procedures leading thereto (irrespective of whether RJA has provided other services or is currently providing other services to the District on other matters); (iii) the only obligations RJA has to the District with respect to the transaction contemplated hereby expressly are set forth in this Agreement; and (iv) the District has consulted its own legal, accounting, tax, financial and other advisors, as applicable, to the extent it has deemed appropriate.

9. **Conflicts.** You should be aware that RJA or its affiliates may have trading and other business relationships with other participants in the proposed transaction, including with potential purchasers of the Bonds. These relationships include, but may not be limited to, trading lines, frequent purchases and sales of securities and other engagements through which RJA may have, among other things, an economic interest. In addition, you should be aware that the primary role of an underwriter or placement agent is to purchase, or arrange for the placement of, respectively, securities in an arm's-length commercial transaction between the issuer and (i) RJA, strictly in our capacity as Underwriter, or (ii) the purchaser, strictly in our capacity as Placement Agent, and that the RJA has financial and other interests that differ from those of the District. Notwithstanding the foregoing, RJA will not receive any compensation with respect to the services provided hereunder other than as set forth in paragraph 2 above or otherwise disclosed in writing to District. RJA is involved in a wide range of activities from which conflicting interests or duties may arise. Information which is held elsewhere within RJA, but of which none of our personnel involved in the proposed transaction actually has knowledge, will not for any purpose be taken into account in determining RJA's responsibilities to you.

10. **General Terms**. No opinion or advice of RJA shall be reproduced, disseminated, quoted or referred to at any time without the prior written consent of RJA. Upon the completion of the financing, we will be entitled to advertise the transaction in publications and at times selected by us at our own expense. Notwithstanding the foregoing, nothing in this Agreement shall limit or impair the District's obligations under Chapter 119 (Public Records) or Section 286.011 (Sunshine Law), Florida Statutes, or its disclosure obligations under applicable securities laws, and no consent of RJA shall be required for any disclosure required thereby.

No waiver, amendment or other modification of this Agreement shall be effective unless in writing and signed by each party hereto.

Any dispute arising under this Agreement shall be brought exclusively in the state courts located in Manatee County, Florida. The construction and interpretation of this Agreement shall be governed by the substantive law of the State of Florida, without regard to its conflicts of laws principles. Nothing in this Agreement shall be construed as a waiver by the District of sovereign immunity beyond the limited waiver set forth in Section 768.28, Florida Statutes, or of any other right or immunity afforded to the District under Florida law.

This Agreement shall be effective upon your acceptance hereof and shall remain effective until such time as the Agreement has been terminated in accordance with Section 3 hereof.

Please sign below to evidence acceptance of the terms of this Agreement and return one executed copy to me. We are required to seek your acknowledgement that you have received the disclosures referenced herein and attached hereto as Exhibit A. By execution of this agreement, you are acknowledging receipt of the same.

Sincerely,

Raymond James & Associates, Inc.

EXHIBIT A

The District has engaged Raymond James & Associates, Inc. ("RJA"), to serve as an underwriter, and not as a financial advisor or municipal advisor, in connection with the issuance of the Bonds.

As part of our services as underwriter, RJA may provide advice concerning the structure, timing, terms, and other similar matters concerning the issuance of the Bonds.

The following G-17 conflict of interest disclosures are now broken down into three types, including: (I) dealer-specific conflicts of interest disclosures (if applicable), (II) transaction-specific disclosures (if applicable), and (III) standard disclosures.

I. Dealer-Specific Conflicts of Interest Disclosures

RJA has identified the following potential or actual dealer-specific material conflicts or business relationships we wish to call to your attention. When we refer to *potential* material conflicts herein, we refer to ones that are reasonably likely to mature into *actual* material conflicts during the course of the transaction, which is the standard required by MSRB Rule G-17.

In the ordinary course of its various business activities, RJA and its affiliates, officers, directors, and employees may purchase, sell or hold a broad array of investments and may actively trade securities, derivatives, loans, commodities, currencies, credit default swaps, and other financial instruments for their own account and for the accounts of customers. Such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (whether directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District. RJA and its affiliates also may communicate independent investment recommendations, market advice or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and at any time may hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

Additionally, in the ordinary course of its business, RJA and its affiliates may have engaged, and may in the future engage, in transactions with, and perform services for, the District and its affiliates, including without limitation, investment bidding agent services, for which they received or will receive customary fees and expenses.

Further, we understand that the District may, in certain situations, use a portion of the proceeds from the issuance of the Bonds to refund certain of the District's outstanding securities (the "Refunded Bonds"). To the extent that RJA or an affiliate thereof owns Refunded Bonds, RJA or its affiliate, as the case may be, would receive a portion of the proceeds from the issuance of the Bonds.

II. Transaction-Specific Disclosures

- Disclosures Concerning Complex Municipal Securities Financing:
    - Because we have not recommended to the District a financing structure that may be a "complex municipal securities financing" for purposes of MSRB Rule G-17, additional disclosures regarding the financing structure for the Bonds are not required under MSRB Rule G-17.

III. Standard Disclosures

- Disclosures Concerning the Underwriter's Role:
    - MSRB Rule G-17 requires an underwriter to deal fairly at all times with both the District and investors.
    - The underwriter's primary role is to purchase the Bonds with a view to distribution in an arm's-length commercial transaction with the District. The underwriter has financial and other interests that differ from those of the District.
    - Unlike a municipal advisor, an underwriter does not have a fiduciary duty to the District under the federal securities laws and is, therefore, not required by federal law to act in the best interests of the District without regard to its own financial or other interests.
    - The District may choose to engage the services of a municipal advisor with a fiduciary obligation to represent the District's interest in this transaction.
    - The underwriter has a duty to purchase the Bonds from the District at a fair and reasonable price but must balance that duty with their duty to sell the Bonds to investors at prices that are fair and reasonable.
    - The underwriter will review the official statement for the Bonds in accordance with, and a part of, its responsibility to investors under the federal securities laws, as applied to the facts and circumstances of this transaction. Under federal securities law, the District has the primary responsibility for disclosure to investors. The review of the official statement by the underwriter is solely for purposes of satisfying the underwriter's obligations under the federal securities laws and such review should not be construed by the District as a guarantee of the accuracy or completeness of the information in the official statement.
- Disclosures Concerning the Underwriter's Compensation:
    - The underwriter will be compensated by a fee and/or an underwriting discount that will be set forth in the bond purchase agreement to be negotiated and entered into in connection with the issuance of the Bonds. Payment or receipt of the underwriting fee or discount will be contingent on the closing of the transaction and the amount of the fee or discount may be based, in whole or in part, on a percentage

of the principal amount of the Bonds. While this form of compensation is customary in the municipal securities market, it presents a conflict of interest since the underwriter may have an incentive to recommend to the District a transaction that is unnecessary or to recommend that the size of the transaction be larger than is necessary.

Depending on the structure of the transaction that the District decides to pursue, or if additional actual or potential material conflicts are identified, we may be required to send you additional disclosures regarding the material financial characteristics and risks of such transaction and/or describing those conflicts. At that time, we also will seek your acknowledgement of receipt of any such additional disclosures.

General Notes:

- Trimen Precision Lawn Care LLC DBA Trimen Landscape is hereafter referred to as "Trimen".
- All plant species, specifications, and sizes are subject to season and availability at time of job.
- Trimen is not responsible for grading or drainage conditions of the job site. Trimen is only responsible for fine grading (defined as 1/10th of a foot) in areas where Trimen is performing work.
- All plant/tree installation to be completed in a substantial workmanlike manner according to specifications submitted, per standard industry horticultural practices. This includes installing plant/tree material 1-3" above final grade in order for material to breathe properly.
- The above information is not an invoice and only a proposal of services/goods described above.
- Any alteration or deviation from this proposal incurring additional costs will only be performed after an approved change order is signed by Client, and will be billed in addition to this proposal.
- Trimen or any of it's subcontractors shall not be held responsible for damage to anything underground or not visible, including utilities.
- Trimen is not responsible for unforeseen sub-surface soil conditions.
- When removing or trimming tree roots: Trimen or any of it's subcontractors shall not be held responsible for continued life and stability of the tree.
- In rock beds, weed repellent fabric helps mitigate weeds but does not prevent weeds completely.
- Any work/items not specifically included in this proposal are excluded.
- Client is responsible to call 811 and private utility companies to locate any underground utilities.

Substantial Completion and Payments:

- At least 50% of total payment for this job will be issued prior to provision of services/goods described in this proposal. The remaining payment will be issued at completion of the job.
- Once Trimen has notified Client of substantial completion, the Client will provide a final punch list in writing within 5 business days. If no punch list is provided, the Client is accepting the work performed.
- If a punch list is provided and verified to be within the scope of work, Trimen will schedule the final punch list items to be completed as soon as possible.
- Remaining payment will be issued within 3 business days upon substantial completion, less a 10% retainage that will be issued within 3 business days of punch list items being completed.
- A 3.5% convenience fee will be applied to any payments made by credit or debit card.
- Lien: According to Florida's Construction Lien Law (sections 713.001-713.37, Florida Statutes), those who work on your property or provide materials and are not paid in full have a right to enforce their claim against your property. This claim is known as a construction lien. If your contractor or a subcontractor fails to pay subcontractors, sub-subcontractor, or material suppliers or neglects to make other legally required payments, the people who are owed money may look to your property for payment, even if you have paid your contractor in full. If you fail to pay your contractor, your contractor may also have a lien on your property. This means if a lien is filed your property could be sold against your will to pay for labor, materials, or other services that your contractor or a subcontractor may have failed to pay. Florida's Construction Lien Law is complex and it is recommended that whenever a specific problem arises, you consult an attorney.
- Attorney Fees: In any litigation, arbitration, or other proceeding by which one party either seeks to enforce its rights under this Agreement (whether in contract, tort, or both) or seeks a declaration of any rights or obligations under this Agreement, the prevailing party shall be awarded its reasonable attorney fees, and cost and expenses incurred.

Warranty:

- Landscaping material with an automated irrigation system/schedule, that has been inspected and approved by Trimen, will be warrantied for 60 days. It is beyond our ability to warranty any landscaping material installed in any area with no automatic irrigation system.
- Warranty void if proper horticultural trimming/maintenance practices are not performed. Proper horticultural trimming/maintenance practices are as follows: fertilize plant material appropriately, trim hedges and shrubs at healthy intervals, applying weed killer in open flowerbed areas, hand weeding near base of plants, trees, and flowers, not collaring trees and plants with line trimmers, ensuring new sod is cut at the correct height for each species, appropriate watering schedule and duration for all planted and installed landscape materiel, appropriate pest control performed on landscape material, proper fertilization/pest and fungus control services are performed.
- Warranty does not cover replacement of material that is damaged or missing during the warranty period.
- Warranty does not cover annual flowers.
- Warranty does not cover any damages caused by Acts of God.

Irrigation:

- If installing a new irrigation system connected to a well, it may require additional parts to be provided by a well company. Client must deal directly with a well contractor.
- Trimen is not responsible for operation, programming, and maintenance of the irrigation system after substantial completion. Trimen will program the timer for necessary watering during the establishment period (first 30 days). After substantial completion, it is the Client's responsibility to monitor and adjust the watering schedule according to weather, percolation, plant species requirements, and local ordinances to ensure new landscape materials remain healthy.
- After substantial completion, the warranty will be voided if plant material is overwatered or underwatered.
- Trimen is not responsible for and cannot control any chemicals or minerals that may be existing in Client's water source that may cause damage to Client's property or landscape materials.
- For proper irrigation coverage on rotor and sprinkler zones over spray is necessary.

Sod:

- For warranty to be valid, all sod will require a lawn and ornamental application to be applied to treat for fungus, pests, weeds, etc within 5 days of installation and once/month during warranty period. Client must contract directly with a lawn and ornamental service.

General Updates, Recent & Upcoming Maintenance Events

All Live Oaks in the community need structural pruning.

The Walters Viburnum throughout the community continues to suffer from fungus. I do not recommend replacing with additional Walters Viburnum.

Hong Kong Orchid trees are becoming top-heavy. Pruning is needed to reduce the risk of blow-over.

Fertilization of turf trees and shrubs is now due.

Remove sucker growth on all Live Oaks in the community.

NOTE FROM THE DIRECTOR

Happy Halloween Week, NRR!

It's hard to believe we're already wrapping up October! Between the changing seasons, pumpkin spice everything, and a few spooky decorations popping up around the neighborhood, fall is certainly in the Florida air.

As we head toward Halloween, I hope everyone finds a little time to enjoy the simple pleasures of the season. Whether that's indulging in your favorite candy, spending time with friends and neighbors, or just enjoying a relaxing evening at home watching your level of spooky movie.

No tricks here, just a heartfelt thank you for being part of the NRR community. Wishing everyone a safe, happy Halloween and a wonderful week ahead!

Happy Halloween!
